Lancer Enterprises, Inc. was formed in 1970 as a privately held corporation. From day one, Lancer established itself as a pioneer in outdoor/indoor and marine carpet. The company evolved into Lancer Marine Carpet, Inc., sold in 1990, but in 2000 we reclaimed the original name from Beaulieu of America.

Then Lancer Enterprises reentered the marine and outdoor carpet markets. Over the past 21 years, we have evolved, excelling in the latest trends in carpets for marine OEM, distributors, and after-market sectors. Most recently we introduced vinyl product lines.
